

# OMNIUM FORK FIT

## [ PORTABLE BIKE TRAINER ]

Below is a list of known forks that are not compatible with the Omnium Trainer\*

BIKE OR FORK MODEL/BRAND	REASON
LAUF Forks with fiberglass spring	Spring interferes with mount assembly
2020 Specialized Shiv TT	Fork depth exceeds fork mount depth
Trek "Threw-Skew" models	Thru Skew design limits compatibility with the form mount design
12x110 axles	Currently no 12x110 adapter exists for the Omnium: <ul style="list-style-type: none"> <li>- Specialized Creo</li> <li>- Focus Parlane 2</li> <li>- Cannondale Topstone Neo 2</li> </ul>

\*This list is updated as new fork models are introduced - it is not intended to serve as a guarantee of fork compatibility. Please contact our customer service with further questions.
